PRINCE MAX SAYS 14 POINTS BROKEN

By ALFRED G. ANDERSEN,
International News Service Staff
Correspondent.

BERLIN, June 11, via London, June 13.—Prince Max of Baden, former chancellor of Germany, has begun a series of articles in the Tageblatt endeavoring to prove that President Wilson's fourteen points were broken in framing the treaty.

Discussing the blockade of Germany, the former chancellor accused America of "murdering German children after the murder of troops had ceased."

America, declared Prince Max, sectioned the death of hundreds of thousands of women and children. The armistice terms, he added, called for the delivery of 140,000 milk cows, causing a proportionate amount of infantile.

Allies Recognize All-Russ Regime Kolchak Is Assured of Full Support

PARIS, June 13 (By The Associated Press).—The reply sent by the Council of Four to the note of Admiral Kolchak extends to him and his associates in the All-Russian Government at Omsk the support set forth in the original letter of the council to Kolchak. This is interpreted here as meaning de facto recognition of the Omsk government.

The text of the reply follows:

"The allied and associated powers wish to acknowledge the receipt of Admiral Kolchak's reply to their note of May 26. They welcome the terms of that reply, which seem to them to be in substantial agreement with the propositions they had made and to contain satisfactory assurances for the freedom, self-government and peace of the Russian people and their neighbors.

"They are, therefore, willing to extend to Admiral Kolchak and his associates the support set forth in their original letter.

LOYD GEORGE,

It is understood that the support referred to involves the furnishing of munitions and supplies for Admiral Kolchak's campaign.

Following is the text of the despatch originally sent to Admiral Kolchak:

"Paris, May 26, 1919

"The allied and associated powers feel that the time has come when it is necessary for them once more to make clear the policy they propose to pursue in regard to Russia.

"It has always been a cardinal axiom of the allied and associated powers to avoid interference in the internal affairs of Russia. Their original intention was made for the purpose of assisting those elements in Russia which wanted to continue the struggle against German autocracy and to free their country from German rule and in order to rescue the Czech-Slovak

"They are convinced by their ex-

Peace Pact Will Be Reprinted; Old Text Is Obsolete

PARIS, June 13.—The peace treaty with Germany will be reprinted and reprinted for the incorporation of the explanations and clarifications contained in the allied reply to the German counter-proposal. While unchanged in principle, virtually a new document will be presented to the Germans.

It is understood that the new treaty will be made public on the day of its delivery, or the day after.

The council of four, it develops, decided simply to attach the reply to the original document. The German counter-proposal, which would be left obscure and imperfect. Hence the decision to rewrite the document.

It was commented in peace conference circles today that the action renders obsolete the text published in the United States.

that it is not possible to attain these ends by dealing with the soviet government of Moscow. They are, therefore, disposed to assist the government of Admiral Kolchak and his associates with munitions, supplies and food to establish themselves as the government of all Russia, provided they receive from them definite guarantees that their policy has the same object in view as that of the allied and associated powers.

CONDITIO ALLE STATED.

"With this object in view, they would ask Admiral Kolchak and his associates whether they will agree to the following as the conditions upon which they would accept continued assistance from the allied and associated powers:

"In the first place, that, as soon as they reach Moscow they will summon a constituent assembly elected by and free secret and democratic franchise, as the supreme legislature for Russia to which the government of Russia must be responsible at that time, order is not sufficiently restored, they will summon the constituent assembly, elected in 1917, to sit until such time as new elections are possible.

"Secondly, that throughout the areas which they at present control they will permit free elections in the normal course for all local and legally constituted assemblies, such as municipalities, zemstvos, etc.

"Thirdly, that they will compensate no attempt to revise the special privilege of any class or order in Russia.

FAVOR LIBERTY FOR ALL.

"The allied and associated powers have noted with satisfaction the solemn declaration made by Admiral Kolchak and his associates that they have no intention of restoring the former land system. They feel that the principles to be followed in the solution of this and other internal questions must be left to the free decision of the Russian constituent assembly; but they wish to be assured that those whom they are prepared to assist stand for the civil and religious liberty of all Russian citizens and will make no attempt to re-introduce the regime which the revolution has destroyed.

"Fourthly, that the independence of Finland and Poland be recognized and that in the event of the frontiers and other relations between Russia and these countries not being settled by agreement they will be referred to the arbitration of the league of nations.

"Fifthly, that if a solution of the relations between Estonia, Lithuania and the Caucasian and Trans-Caspian territories and Russia is not speedily reached by agreement, the settlement will be made in consultation and co-operation with the league of nations and that until such settlement is made the government of Russia agrees to recognize these territories as autonomous and to confirm the relations which may exist between their de facto governments and the allied and associated governments.

"Sixthly, that the right of the peace conference to determine the future of the Rumanian part of Besarabia be recognized.

SHOULD JOIN LEAGUE.

"Seventhly, that as soon as a government for Russia has been constituted on a democratic basis, Russia should join the League of Nations and co-operate with the other members in the limitation of armaments and of military organizations throughout the world.

"Finally, that they abide by the declaration made by Admiral Kolchak on November 27, 1918, in regard to Russia's national debt.

The allied and associated powers will be glad to see as soon as possible whether the government of Admiral Kolchak and his associates are prepared to accept these conditions and also whether, in the event of acceptance, they will undertake to force a single government and army command as soon as the military situation makes it possible.

VILLA ORDERS FIESTA WHEN HE CLAIMS BRIDE

MEXICO CITY, June 13 (Correspondence of the Associated Press).—Francisco Villa, the bandit leader, has been married again, according to a story by a traveler to the newspaper Excelsior of this city. The traveler claims to have been present at the ceremony which he says was performed at Valle de Allende, near Parral, Chihuahua.

Villa is said to have appeared suddenly one day in the village and ordered all the inhabitants out for a fiesta. The marriage, according to the traveler, was performed by a former judge. Afterward there was a feast and a dance, at which Villa introduced his bride of 20 years, and delivered a speech.

Mrs. Juanita Torres Villa, who lived for a time in Los Angeles, has claimed to be the only lawful wife of Francisco Villa.

so far as the Postal is concerned if that company will agree to wage adjustments immediately after full control has been given the company by the wire administration.

BOTH SIDES CLAIM ADVANTAGE IN STRIKE.

NEW YORK, June 13.—While telephone company officials declared today the strike of commercial operators was ineffective, leaders of the unions continued to predict victory.

Edward Reynolds, vice-president of the Postal, which was admittedly handicapped in moving its business the first day of the strike, said the situation was better from his viewpoint, and that more men were returning to work.

The strikers expect they will be aided by the Order of Railroad Telegraphers not to handle commercial business after tomorrow morning at 6 o'clock.

Brokers operators are to meet here tomorrow night to decide whether they will walk out in a sympathetic strike.

RADI MEN MAY JOIN WINNIEP STRIKERS.

By JAMES T. KOLBERT
United Press Staff Correspondent.

WINNIEP, Minn., June 13.—Possibility of a walkout of railroad engine men and firemen was the latest development in the general strike situation here today.

What practically amounts to an ultimatum will be delivered to the city council today when the railroad men demand reinstatement of the police force.

Settlement of the strike today appeared as remote as it did at the time of the initial walk-out 25 days ago.

SEATTLE, Wash., June 13.—William Miller, local chairman of the Commercial Telegraphers' Union of America met an optimistic statement of the telephone company officials today as follows:

"The telegraphers have not the slightest intention of going back to work under old conditions. Their ranks are unbroken and they feel that they can't lose anything. We have made an investigation here and find that organized trades average nearly \$8 a day per man. Operators' salaries average less than \$3.25."

CHICAGO, June 13.—Complete paralysis of the telephone as well as the telegraph systems of the country will be a reality by Monday, according to a statement made by S. J. Koenekamp, president of the Commercial Telegraphers' union, today. Koenekamp declared that telephone operators throughout the United States are preparing to join in the electrical workers' strike already fixed for Monday.

Koenekamp estimated the number of Western Union and Postal employees on strike today at 22,000.

STAGE IS SET FOR ALAMEDA CELEBRATION

ALAMEDA, June 13.—Chairman C. R. Smith of the executive committee of the Home Coming Reception, said this morning that all the plans were complete for tomorrow's medal presentation and Flag Day celebration. The committee will hold a final meeting tonight to see that the completed plans are properly dovetailed so there will be no hitch. Messages from Mare Island, from the Coast Island Training Station, and from the President were received yesterday announcing that bands, sailors and marines would be on hand as per schedule.

Grand Marshal A. F. Smiley distributed today the badges of office of his assistant marshals and of his chief aide, F. J. Croll. The division parade chief are J. A. Powell, Wade Snyder, Captain Rushton McConnell and Chief of Protocol Walter O. Jacoby.

PARADE TO BE FILMED. Three current picture events and special movie concerns announce that they will film the parade and mark exercises.

Chairman D. K. Taylor of the medal committee reports the arrival of the medals, ready for presentation. Mr. George C. Thompson of the high school completed the list of young women who are to present the medals to the fighters.

The Elks are ready, as are the Grand Army, Spanish War Veterans and the various city departments, including the school children. The city hall is hung with flags, and a crew of decorators are at work in Lincoln Park, dressing speakers stand, the grandstand and grounds.

GROVES REGRETS PRISONER PAID WILSON'S TAXES

LOS ANGELES, June 13.—F. Ray Groves, secretary of the Democratic state central committee, has issued a statement that C. H. Subbins, tax collector of Riverside county, on the request of Groves, had refunded to George A. Fox, held in the Los Angeles county jail following conviction of obtaining money by false pretenses, \$37.21 with which Fox had paid taxes on ranch property belonging to President Wilson. The property is located near Riverside. It was about to be sold for delinquent taxes when Fox paid the amount due.

Groves characterized Fox's action as a "regrettable effort to detract from the President's dignity."

BEACH PLANS GALA NIGHT. Neptune Beach has made all preparations to receive a big night crowd following the medal presentation. The fighting men, including the visiting parade division, are to be special guests at Neptune in the evening.

Mayor Frank Otis, assisted by City Clerk R. E. Bosshard, is receiving final word from expected chief guests for whom reception plans are to be carried out.

The committee headquarters in the city hall will be kept open till the parade is well under way tomorrow afternoon for the benefit of belated arrivals, and to furnish a common center from which to take whatever final action may be needed.

At Lincoln Park the high school Red Cross will maintain an emergency hospital tent for possible use and also as a suitable feature for the day.

Calomel Loses You a Day's Work! Take Dodson's Liver Tone Instead

Read my guarantee! If bilious, constipated or head-achy you need not take nasty, sickening, dangerous calomel to get straightened up.

Every druggist in town—your druggist and everybody's druggist—has noticed a great falling off in the sale of calomel. They all give the same reason. Dodson's Liver Tone is taking its place.

Calomel is dangerous and people know it, while Dodson's Liver Tone is perfectly safe and gives better results. Dodson's Liver Tone is personally guaranteed by every druggist who sells it. A large bottle doesn't cost very much but if it fails to give easy relief in every case of liver sluggishness and constipation, you have only to ask for your money back.

Dodson's Liver Tone is a pleasant-tasting, purely vegetable remedy, harmless to both children and adults. Take a spoonful at night and wake up feeling fine, no biliousness, sick headache, acid stomach or constipated bowels. It doesn't gripe or cause inconvenience all the next day, like violent calomel. Take a dose of calomel today and tomorrow you will feel weak, sick and unrefreshed. Don't lose a day's work! Take Dodson's Liver Tone instead and feel fine, full of vigor and ambition.—Advertisement.

PRIZE TICKETS THREATENED BY NEW LAW

"Prize tickets" offered in local stores and which give customers chances to win automobiles or other prizes drawn for at a future date, may come under the ban of the new anti-gambling ordinance. Chief of Police J. F. Lynch, who has announced that he will stop every form of game in the city until test cases instruct him otherwise, today asked City Attorney H. L. Hagan if under the ordinance he should not stop "prize drawings."

Hagan said that he would analyze the game and give an opinion tomorrow. In the meantime Chief Lynch is investigating to see what stores are offering such tickets. He says that if there is any justification for it in Hagan's opinion tomorrow he will halt these games.

Bert York, manager of Idora Park, said today that he is preparing to bring a test case for concessions there where prizes are offered.

CIGAR MEN TO ATTACK LAW. Dice games, "Twenty-six" games in cigar stores, and "pulling for drinks" continue under police ban today, while Charles A. Beardsley, attorney for the Cigar Dealers' Association, after visiting the city hall and conferring with the police authorities, prepared to bring a "test case," which, he said, would probably be ready by Monday, unless he decides on other action to halt what he claims is a too broad enforcement of the new anti-gambling law.

City Attorney H. L. Hagan today said that the law, as drafted, was not intended to strike at harmless forms of play for merchandise, raffish, or other small games but to aim only at commercialized gambling of a more vicious nature. He said that if a test case were called, he doubted there would be any real contest to keep harmless games under the ban.

BEARDSLEY'S OPINION. Beardsley holds that, inasmuch as the new law makes illegal playing for a stake and a chance to win anything of value contributed to by two or more parties, concerned in the game and won by one party, such as for drinks, the "26" game and such of the kind are not affected.

"If two men shake for the drinks, for instance," says Beardsley, "no law is violated, for two persons have not contributed to a stake that one wins. Neither one of the other buys the drinks—one man only contributes. If each man bought a drink and the winner drank both drinks, this would be a stake under the new law. The "26" game is a parallel case."

Beardsley said that he would not have his test case ready today.

STAYING UP THE ACTION. "I am going up the thing today and seeing just how far the police are going in enforcing the new law," he said. "I believe that in stopping dice games in saloons, or the cigar store '26' games the police are acting beyond their power under the new ordinance. I do not blame Chief Lynch for doing so; he is right to act until there is a legal interpretation by the courts defining his powers in the matter."

In the meantime every form of small game was halted.

"If I have gone the limit," said Lynch, "I have ordered every possible game of chance stopped, and will continue to keep the lid on until the courts say if the law is unpopular the easiest way to find it out is to enforce it."

REPUBLICANS TO GIVE CUE ON JOHNSON

Tomorrow's session of Republicans at the Palace Hotel in San Francisco is expected to give the cue to organizations throughout the state which have been waiting authoritative bidding before beginning their work for Senator Hiram W. Johnson for President. Numerous such clubs have been organized and are ready to doff their coats and go to work as soon as the announcement is given.

Between 500 and 700 representative Republicans are expected at the San Francisco meeting. Former Senator Frank P. Flint is expected to be named chairman. Chester Howell was mentioned for that post, but he is ill and cannot accept.

SPEECHES TO BE SHORT. The addresses will be but few and brief. The purpose of the meeting, to proclaim Senator Johnson California Republican choice for the presidency, will be started early and embodied in resolutions. Various committees on organization, arrangement and publicity are to be left to the chairman for appointment.

A correspondence campaign, which will take thousands of letters east urging support for Senator Johnson, is among the plans already under discussion. The general committee in charge of tomorrow's meeting held a session last evening when final details were arranged. The meeting will commence at 11 o'clock tomorrow morning.

BOULDER LEADERS DUE. State Democratic leaders are completing plans today for the reception Sunday morning here of Hiram W. Cummings, chairman of the Democratic National Committee, and Mrs. George Bass, chairman of the Women's Auxiliary Committee, and party leaders.

A conference will be held at the St. Francis Hotel Monday, participated in by both men and women. Tuesday evening a banquet will be held at the Palace Hotel here, to which state and county central committees and prominent Democrats have been invited.

D. S. Byling of Fresno, chairman of the Democratic State Central Committee, has charge of the reception and entertainment plans for the party during its ten-day stay in California, four days of which will be spent in and about San Francisco.

PACIFIC RAILWAY MEN HEAR WILEY

Inaugurating a series of social and business meetings, a large number of Pacific Railway Club members last night met at Hotel Oakland.

It was announced that meetings are to be held monthly, alternately at Oakland and San Francisco.

The railroaders were especially interested in the address of Captain Hugh Wiley on "The Eighteenth Engineers in France," in which he told of the difficulties encountered and overcome by the railroad division of the engineers. He told of many exciting episodes the Eighteenth Engineers experienced, and was loudly applauded.

"Railroading Thirty-five Years Ago" was described by James Alger, former general manager of the Southern Pacific, who derived considerable humor out of his comparison of present and past railroad methods.

Other addresses were heard, and general social features were enjoyed.

Physical Directors Plan Night Session

The convention of physical directors of Northern California, which is meeting in Oakland Thursday, Friday and Saturday of this week, will hold an evening meeting in the South Room, Hotel Oakland, tonight at 8 o'clock. The subject discussed will be the "Relation of State Physical Education Program to the Community."

A discussion of the relation of this program to Y. W. C. A., Y. M. C. A., Camp Fire, Boy Scouts, playgrounds, etc., conducted by the following people: L. L. Lodi Man Missing; is Sought by Police

LODI, June 13.—Evel Haroldson is missing and his wife is distraught. He left home on the morning of May 31, and has not been seen since. Haroldson, employed as a clerk in the Lodi Hardware Store, dressed with unusual care on the morning in question. In response to his wife's inquiry, he said something to the effect that he had a right to dress up once in a while and that he had to meet a customer at the store. He failed to appear at the place of business. He took all his money and valuables, but no baggage, as far as known.

Hindu Pleads Guilty to Killing Countryman

WILLOWS June 12.—R. Kishin, a wealthy Hindu rice grower, who denied he murdered Gujar Singh and Taker Singh at a rice camp near

here in February, has changed his plea to one of guilt. The court has set Saturday as a time for taking evidence to determine the degree of murder and the sentence that shall be imposed.

Kishin confessed when he was confronted with an in aged repro-

duction of the murder scene, in which he was brought into a room in which were the revolver, bloody neck cloth, ax, a coat and other articles connected with the murder.

He admitted that his unpaid note for \$5000, held by Gujar Singh, was the cause of the trouble.

OAKLAND MAN TO ADDRESS MOOSE

A Vander-Nallen Jr. of this city has been requested to deliver the North Moose lecture at the coming national gathering of the Moose at Moschcow, Illinois. Over 2000 members of the order are to attend.

The "Great North Moose" is the highest honor in the Mooseheart Legion conferred always upon one of the six exponents with whom Vander-Nallen is numbered. The Legion is the second degree of the Moose lodge and 3000 members of the order all over the country will be initiated into it on June 14 on which day Vander-Nallen is to deliver his address.

Four delegates to the convention, going from Oakland, expect to keep time and attractions of the community prominently before the delegates to the convention. Accompanying Vander-Nallen will be Past Dictator A. C. Swales, Past Dictator D. Parke, Deputy supreme dictator of Northern California, and Secretary W. J. Hamilton supreme lodge committee man. The convention will be in session from June 22 to 28. Mooseheart is thirty miles from Chicago.

Those who think the butcher and the grocer have been holding them up on the price of meat and groceries will have a chance to get even with them next week by attending the butchers and grocers' annual picnic to be held at Idora Park on Thursday, June 19, and eating as much as one wants without expense.

Exceedingly few two trades have an idea that some such a revenge is being contemplated by the general public. At any rate, the committee in charge of the picnic, placed the following orders on which day Vander-Nallen is to deliver his address.

A feature of the outing will be a big barbecue at which all who attend will be invited to share. Two cords of wood and sixteen sacks of charcoal have been ordered to prepare the fire with which the meat will be barbecued. Ten cooks have been employed to cook the meat and sixteen men will cut it up for serving.

All the grocery stores and butcher shops in the county, will be closed on the date of the picnic.

Instance of Commission of Public Works Fred Soderberg that at least \$75,000 in dock and wharf improvements be guaranteed by the lesser in five years have caused a deadlock in the Howard lease application, now before the council.

The lease proposal, in which the Howard Company proposed to take city wharf frontage on the eastern side of the Howard plant, for dock facilities, is still in conference, and either the company must guarantee the improvements to be made or accept a lease for less time than twenty-five years, according to Soderberg's ultimatum.

The Howard Company applied several months ago for a twenty-five-year lease on the city-owned property, announcing extensive dock plans. Soderberg in drawing up the lease demanded a guarantee of \$75,000 worth of improvements in the first five years. The Howard representative objected, saying that as the shipping business at the present time is very uncertain the company would not take so large a guarantee of work.

After an informal conference it was announced today that an alternative plan of a five or ten year lease with no guarantee might be considered by the council.

"Cabbies" Hold High Hand in O' Rome

ROME June 13.—The horse here has not vacated his position to make room for the automobile. There are still thousands of horse drawn cabs operating in Rome while there is not a single taxicab.

Two reasons are given for this equine superiority. First, there are 300 cabs in Rome, according to the municipal statistics. These exercise a considerable influence in the municipal elections of Rome and as a consequence no motor vehicle concessions were granted. The police know that in order to retain these 3000 votes they must be faithful to the horse and an enemy to the "flivver."

Besides the supply of gasoline in Italy is not large and to insure enough for the military needs, it was found absolutely necessary to discourage as much private motor vehicular traffic as possible.

Woman is Accused of Robbing Husband

SAN FRANCISCO June 13.—Because his wife removed \$610 from his trousers pocket while he was taking a bath F. W. Miller, 591 Valencia street swore out a warrant for the arrest of Mrs. Sophie Miller on a charge of grand larceny. According to Miller he was married two weeks ago May 27 when his wife disappeared with the \$610. "But she was not satisfied with that, she came back yesterday while I was at work and moved out everything in the house," he said.

'No Medicine in 4 Years--Internal Baths

Mr. A. Czarnecki writes: Dr. Chas. A. Taylor of New York says follows: "I must admit that the use of the J. B. L. Cascade has cured my chronic constipation from which I suffered since May 15, 1913. I have never even tasted any kind of patent medicine or purgative. My health is excellent in every respect."

Over half a million bright, intelligent Americans have found that internal bathing is more essential to their health than external baths. Have found that used occasionally at night they feel like different people the next morning. No more of that nervous, tired, nervous feeling, but having by nature's own cleanser--anti-sleep--warm water--removed all the poisonous waste from the lower intestine, they awake thoroughly refreshed and normal sleep with all the functions acting properly, clear headed, happy and confident, eager and capable for the duties of the day.

May not learn more about this rapidly growing and natural practice? This "J. B. L. Cascade" is produced by Chas. A. Taylor, M. D., of New York, who is a specialist on internal baths, and it is now being shown and explained by The Owl Drug Co., who will give you free on request an interesting booklet on the subject called "Why Man of Today is Only 50 per cent Efficient."

TELL THE WORLD THIS WOMAN SAYS

That Lydia E. Pinkham's
Vegetable Compound
made Mea Well Woman.

Los Angeles, Cal.—"I suffered with female troubles for years, was sick most of the time, was not able to do my own housework, and I could not get help from doctors. I saw Lydia E. Pinkham's Vegetable Compound advertised in the newspapers, and took six bottles, and am a well woman. You can use my name to tell the world the good your medicine has done me as I shall praise it always."

—Mrs. A. L. DEANE, 647 St. Paul Avenue, Los Angeles, Calif.

Women who suffer from any form of weakness, as indicated by displacements, inflammation, ulceration, irregularities, backache, headaches, nervousness, or "the blues," should do as Mrs. Deane did, and give Lydia E. Pinkham's Vegetable Compound a thorough trial.

For over forty years this famous remedy, which contains the curative, strengthening properties of good old fashioned roots and herbs, has been correcting just such ailments. If you have mysterious complications write for advice to Lydia E. Pinkham Medicine Co., Lynn, Mass.

KOREAN LEAGUE FORMS REPUBLIC

SEOUL, Korea, May 13 (Correspondence of The Associated Press).—Leaders of the Korean Independence League claim that they have secretly set up a provisional government in Korea, with Sun Man as president. The list of the other "cabinet members" contains the names of Koreans who have been educated in the United States. Covenanters aimed to have been declared that the form of the national organization is a republic, that the national policy is that of respecting the liberty and rights of the people and of developing the peace and welfare of the world and that the people are under obligation to pay taxes and give military service.

The statement issued declares that 25 persons representing the 13 provinces of Korea have voted to demand Japan to hand over the right of ruling Korea and to withdraw troops from Korea and that Koreans shall refuse to pay any kind of taxes to the Japanese government.

Provisional government "orders" insist that the people shall obey no orders from Japan and that each village must elect its own representatives to preserve public peace and order until Korea is taken back from the "enemy," Japan.

Hope Diamond Again Gets Blame Death of Heir Is Laid to Gem

NEW YORK, June 13.—The legend of the Hope diamond has been revived with the death of Prince Louis, the son of the Duke of Gloucester, who was killed by a motor car in front of his home in Washington.

The famous gem was presented to Mrs. Hope by her husband in 1811. It had become widely known to the public, principally through its exhibition to Edward W. Streeter, the American lawyer who married Lord George.

Mrs. Hope attributed her death to the gem. She died in 1831, aged 69, after a long illness. Her son, Lord George, inherited it and kept possession of it until he was forced into bankruptcy when it was ordered sold by a chancery court. The purchaser, Simon Prankell, New York broker, brought it here in 1849, paying for it on a valuation of \$11,000.

Because of its size and the color, it had acquired through the French Blue the 12½ carat stone worn by Louis XIV. The French Blue was brought from Africa by an explorer, M.

Tavernier, and bought by the Grand Monarch.

It was worn later by Louis XV and by Marie Antoinette. In 1792 it was in the Garde when the revolutionary mob broke in and stole it, along with the French crown.

The gem was later returned, as the thief was afraid to dispose of it, but the French Blue was never found.

When the Hope diamond came into the possession of Mr. Elison, the London dealer, in 1839, experts were included to think it had been cut from the French Blue. It was of cushion shape and weighed forty-four and one-quarter carats, making it the only very large blue diamond known.

In 1847, when the Duke of Brunswick displayed another blue diamond weighing ten and three-quarters carats the Brunswick and Hope diamonds were compared. They were both of the same sort of stone, described by Streeter as "of a very beautiful sapphire blue, with an adamantine lustre of extreme brilliancy."

Another fragment, one and one-quarter carats, was bought at Vienna twenty-five years ago by Hertz of Paris, who sold it to an English lady. There are no other diamonds like these three known today, and experts are almost unanimously agreed that the Hope diamond is a fragment of the same stone.

A model of the Hope diamond, done in glass, is on exhibition in the Museum of Natural History. Doctor Whittaker thinks its beauty has been overrated and that it fails to compare in warmth and richness of color with the Dresden green diamond, the Tiffany yellow or the ruby red.

When the diamond was bought by McLean, May Yoh, then playing in a second rate theater in Chicago, said: "I fear Mrs. McLean will have the same misfortune as others, including myself. I can trace every impulse that has worked out for the worst to me."

Mother Opens Fight to Recover Babe

Mrs. Anna S. Neher, divorced wife of Floyd M. Neher, has begun her fight in the Superior court to recover custody of her baby, which she alleges was placed by its father in an

Oakland home where it was locked in the chicken coop when its temporary custodian wanted to go out.

Mrs. Neher claims that her former husband took the baby out for a walk and never returned it. Instead he went to San Francisco where he secured a modification of the divorce decree, obtaining custody for himself on the grounds that the mother is not a fit person to have charge of the child.

The contention is made that Neher, who claims to have been a soldier, was never in the army, and that he made a dependency affidavit to escape the draft. The parents were divorced two years ago in Oakland.

Worker is Killed on High Voltage Wires

CHICO, June 13.—Martin Smith of Chico was electrocuted, near Biggs yesterday.

Smith, who was employed by the Sutter-Butte Canal Company, was engaged in constructing a roof over a transformer four and a half miles northwest of Biggs. He was standing on a bridge crossing a small slough, endeavoring to move a number of wires out of his way, when he slipped and fell onto a high voltage wire.

GAS IN THE STOMACH IS DANGEROUS

Recommends Daily Use of Magnesia to Overcome Trouble.
Caused by Fermenting Food and Acid Indigestion.

Gas and wind in the stomach, accompanied by that full, bloated feeling after eating are almost certain evidence of the presence of excessive hydrochloric acid in the stomach, creating so-called "acid indigestion."

Acid stomachs are dangerous because the much acid irritates the delicate lining of the stomach, often leading to gastritis accompanied by serious stomach aches. Food ferments and sours, creating the distressing gas which distends the stomach and hampers the normal functions of the vital internal organs, often affecting the heart.

It is the worst enemy to neglect such a serious condition or to treat with ordinary digestive aids which have no neutralizing effect on the stomach acids. Instead get from our Druggists a few boxes of Disrupted Magnesia and take a small dose after each meal. This will drive the gas wind and heart trouble out of the stomach, neutralize the acid and prevent its formation and there is no more of pain, flatulence, heart trouble, indigestion, or a quiet glass of water right after eating. This will drive the gas wind and heart trouble out of the stomach, neutralize the acid and prevent its formation and there is no more of pain, flatulence, heart trouble, indigestion, or a quiet glass of water right after eating.

Summer Complaint in Children.
There is not anything like so many deaths from this disease now as before Chamberlain's Colic and Diarrhoea Remedy came into general use. When this remedy is given with caution, as directed and proper care is taken to diet, it is safe to say that fully ninety-nine out of every hundred cases recover. Mr. W. C. Campbell of Butler, Penn., says: "I have used Chamberlain's Colic and Diarrhoea Remedy for summer complaint in children. It is far and away the best remedy I have ever used for this purpose." "Rip Roaring Drunk" Beats Daily "Nipper"

LONDON, June 13.—It is because England has become such a meat-eating nation, meat being eaten at least twice daily, not counting bacon for breakfast, that the "Rip Roaring Drunk" is the most popular of the daily "nippers," for the latter induce sterility.

He advises against eating eggs from fowls overfed with egg-producing foods, such as fish, blood and meat, saying eggs from fowls fed naturally on grain and vegetables were more healthy.

Prisoner Sorry Man He Shot Did Not Die

LOS ANGELES, June 13.—Still expressing disappointment that Joseph Batchelder, whom he is accused of shooting, did not die, Charles J. Collins is in the county jail here under formal charges of assault with a deadly weapon. He is awaiting a preliminary hearing.

Batchelder still is in a serious condition, but physicians say he will recover.

Collins, it is alleged, shot Batchelder a short time after the two had made an agreement whereby Batchelder was to support Collins' wife, Mrs. Maud Collins, the remainder of her life.

Slain Woman's Will is Filed for Probate

REDWOOD CITY, June 13.—The will of Mrs. Sara Satira Coburn, aged wealthy Redwood widow who was found murdered last week at her Redwood home, has been filed in the Superior court. Among beneficiaries are Judge James A. Jordin of Monterey, C. H. Widenman of Redwood and Wallace Loren Coburn, her illegitimate stepson.

An application for special letters of administration filed by the public administrator will be heard next week. This petition cited that "survivors in blood" had been left the estate of upwards of \$100,000 and her blood relatives cut off by the testament.

Miss Yeatman To Be Bride Next Week

An interesting wedding of Thursday, June 13, will be that of Miss Irene Yeatman and Leon Chamberlain at the home of Mr. and Mrs. J. A. Yeatman in this city. Miss Yeatman will arrive Sunday from Portland, Ore., and will attend her sister as bridesmaid, while the best man will be Dr. Edwin Chamberlain. The home of the young couple is to be established on this side of the bay. Meanwhile many informal afternoon teas are planned for Miss Yeatman. Mr. and Mrs. Howard Brewster (Marian Chamberlain), whose wedding took place last week, are spending their honeymoon at Lake Tahoe. After several days' stop at the Tahoe, they continued their trip through the Sierras. They will return the latter part of this month for a visit in the bay cities before going to their ranch in Glenn county.

Early in August Mrs. Glenn Orville Knight and Mrs. David Snodgrass are to sail for the Orient and will be met in Japan by Glenn Orville Knight. Several weeks are to be passed in Japan, after which the party will go to Java and later on to Calcutta, India, where the Knights are to establish their home. Mrs. Snodgrass plans to remain with her son-in-law and daughter about a year and then will return to California.

MISS ROBERTS HERE FROM NORTH
A visitor to the bay cities is Miss Helen Roberts, daughter of Mr. and Mrs. A. Carlos of Washington, who have returned to Oakland to make their home. Since living in the north Miss Roberts has been attending college in Washington state.

southern part of the state. The wedding was an interesting event in army circles.

The Challen Parkers have taken a place in Connecticut for the summer months. The family have made their home in New York since Mr. Parker has established his business interests East. Their friends anticipated a pleasant visit West from them this spring, and are disappointed to hear they will go to an Eastern resort instead.

"Y" Girls Plan To Increase Membership

The clubs of the extension department of the Young Women's Christian Association are conducting a membership drive this week, registering their progress by a device that represents a flight of aeroplanes. Girls who would appreciate membership in a club are requested by Miss Genevieve Scoville, secretary of the extension department, to get in touch with her at association headquarters, 1515 Webster street. Great variety is represented in the clubs and their work, and a membership in the right club means good times and good friends for any girl.

The girls' clubs of the extension department of the Y. W. C. A. are planning to entertain the lepers, tubercular patients and old folks at the County Infirmary next Wednesday afternoon, July 15, with a stunt program, repeating, for the most part, features of the fun festival recently given at the Y.

Beginning July 1, the Friday night dancing parties of the Y. W. C. A. will be discontinued for one month. Registrations are now closed for the moderate tonight which will be attended by about 300 persons, and for the other June dancing parties. Lists are already full.

A. under the direction of Miss Margaret Johnson, the new recreational leader, who will be assisted by well-known lecturers. Potter's Dark Town band was a feature of the afternoon, Wednesday at Chabot hall an important day at Chabot held, the topic of the afternoon being "The Salary Situation."

A letter from Olive Gordon, former president, who is doing Y. W. C. A. work in women's work, read Mrs. Oscar Atchard Bennett, president of the Speech Arts' club, addressed the meeting. Mrs. J. George Short was one of the speakers.

Youthful Elope Must Stand Trial
SAN FRANCISCO, June 13.—Kenneth Feather Jr., 19-year-old Los Angeles youth who eloped with Blanche Esholm, 18, also of the southern city, must return to Los Angeles to face trial. Habeas corpus proceedings instituted by his father were overruled here. The youthful couple was traced to a San Francisco hotel by Feather's father, and they stated they raised money for the trip by pawning the girl's jewelry.

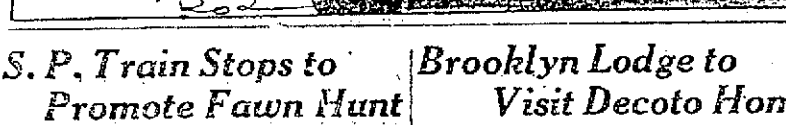

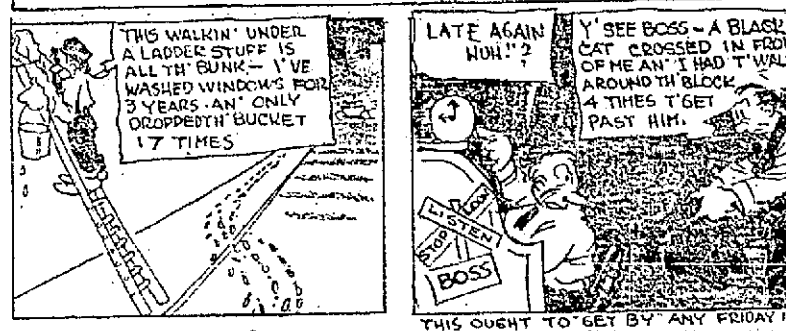

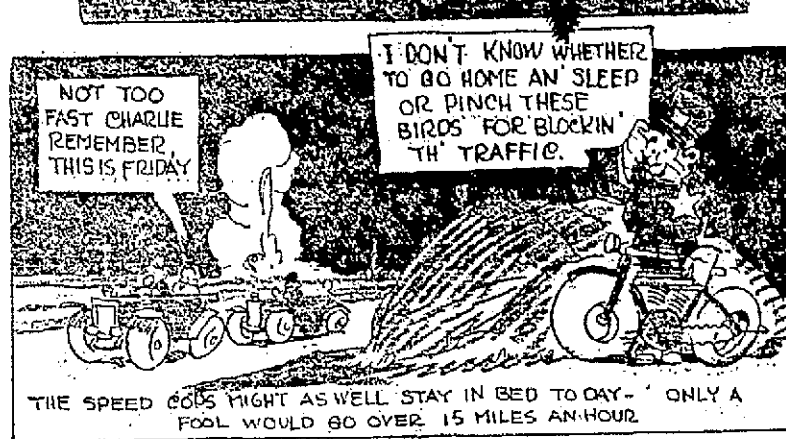

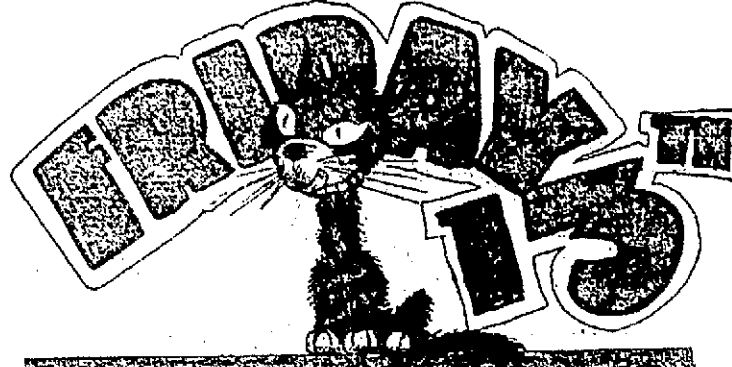

SHE HAS NEVER SEEN ITS EQUAL
At Age of 72 Mrs. Horton Looks After Nine-Room House and Cooks For Family of Six.

"In all the seventy-two years of my life I have never seen a medicine to equal Tanlac," said Mrs. Jennie Horton, who lives at 1170 E. 12th street, San Francisco, a few days ago.

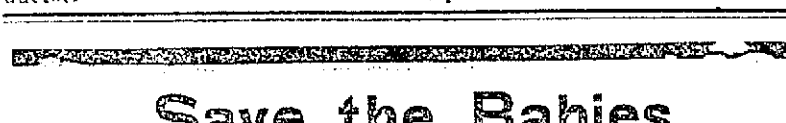

"I have undergone a lot of suffering during the past four years," she continued, "and I don't have the point where even a soda cracker would cause me to suffer after eating it. My stomach simply refused to take anything, and I ate anything, and sometimes this gas would press up against my heart, and I would have a suffering and a position that would alarm me very much. I finally got so weak and exhausted that I could barely do my housework and would have to stop many times during the day and sit down and rest."

"Then I heard about Tanlac and before I had finished my first bottle I could see that it was doing me a world of good. After that I improved steadily, and now I feel so well and strong that I easily take care of my nine-room house and cook for a family of six. I have a splendid appetite and I can eat just anything I want without suffering afterwards. I don't have that worried feeling like I did, and I get seven or eight hours good, sound, restful sleep every night. I think a medicine that will build up and strengthen old people like Tanlac has done for me, deserves all the good things that can be said for it, and I am more than glad to recommend this wonderful medicine to everybody."

Tanlac is sold in San Francisco by the Owl Drug Company stores.—Advertisement.

REDDING, June 13.—A Southern Pacific passenger train scared up a motherless fawn yesterday between Pitt and Copper City, and this created so much excitement that the train was stopped while passengers and crew joined in a chase after the animal. One of the passengers caught the fawn and gave it to the train conductor.

Save the Babies
INFANT MORTALITY is something frightful. We can hardly realize that of all the children born in civilized countries, twenty-two per cent. or nearly one-quarter, die before they reach one year; thirty-seven per cent., or more than one-third, before they are five, and one-half before they are fifteen!

We do not hesitate to say that a timely use of Castoria would save many of these precious lives. Neither do we hesitate to say that many of these infantile deaths are occasioned by the use of narcotic preparations. Drops, tinctures and soothing syrups sold for children's complaints contain more or less opium or morphine. They are, in considerable quantities, deadly poisons. In any quantity, they stupefy, retard circulation and lead to congestions, sickness, death. There can be no danger in the use of Castoria if it bears the signature of Cass. F. Fletcher, as it contains no opiates or narcotics of any kind.

Genuine Castoria always bears the signature of *Cass F. Fletcher*.

YOSEMITE ROAD DRIVE NEAR END

At the request of many California cities and towns, the campaign of the Yosemite Valley Highway Association to raise \$1,000,000 to guarantee the construction of a paved, year-round highway from Merced to Yosemite National Park, has been extended still another week. The campaign was to have been closed Saturday, June 14. It will continue until June 21.

State Chairman Rudolph Spreckels announced today that the drive is increasing in momentum in all sections of California. Campaign leaders everywhere feel that the entire issue of 200,000 certificates of motor vehicle admission to Yosemite will be sold during the next week.

The California Good Roads Campaign Committee of which L. A. Nares is the chairman, is co-operating in the Yosemite drive. Nares declared today that the two drives—one for the sale of certificates and the other for votes for the \$10,000,000 highway bond issue, are co-related and should be supported by all who have at heart California's future progress.

Work on the Yosemite highway will be undertaken this summer if the \$1,000,000 needed is raised through the present campaign. The State Highway Commission, the constructing agency, contemplates the employment of several hundred returned fighting men on the roadway.

The 50 certificates are good for motor vehicle entry and re-entry to Yosemite during any one season in the next ten years.

The entry slips are on sale at all offices of the automobile associations (north and south) by all chambers of commerce and by leading hotels, stores and automobile dealers.

Oakland to Make Merry on Fourth Pageant and Barbecue to Be Features

Oakland will celebrate the Fourth of July with a parade in the morning, a barbecue to the men in uniform at noon, a pageant on Lake Merritt and exercises in Lakeside Park in the afternoon, and a grand ball in the Municipal Auditorium at night.

Soldiers and sailors who served in the great war at home and abroad from Oakland are to be the special guests of the city on that day.

The celebration itself is in charge of the Civic Welcome Committee of Seventy-five, of which Jesse Robinson is chairman. This committee comprises representatives of the civic, social, church, fraternal and commercial organizations of the city.

"Let us make this the greatest Fourth of July celebration in the history of the city," says the Civic Welcome Committee.

It was this committee that arranged the mighty welcome to the 13th regiment, overseas fighting unit, Oakland's own, several months ago.

500 SINGING GIRLS

The Victory Chorus of the Girls' Division of the War Camp Community Service, 500 singing girls, and a great Home Welcome Community Chorus of several thousand citizens, will be features of the Fourth of July celebration.

The community chorus, open to every citizen, man, woman or child in the city, had its first rehearsal in the Municipal Auditorium last night. Rehearsals will be held every Thursday evening at 8 o'clock, closing with Thursday, July 3d, the night before the celebration. H. J. Brouwer, song leader of the War Camp Community Service, is directing the rehearsals.

COMMITTEES NAMED

The following sub-committees have been appointed by Chairman Jesse Robinson to direct and take charge of the various features of the celebration:

Barbecue—E. F. Garrison, county auditor, chairman; Frank P. Kennedy, Ben Shapiro, Mrs. George H. Morrison, Mrs. Edward Morgan Jones.

Pageant—Mrs. Esther Snyder of the Girls' Division, War Camp Community Service, chairman; Miss Ethel Moore, Jay B. Nash, superintendent of playgrounds; H. J. Brouwer.

Larado—George B. Keefe, manager of the Municipal Auditorium, chairman; Frank P. Kennedy, Max Horvinski.

Finance—J. C. Allen, chairman; Jay B. Nash, E. F. Garrison, Miss Ethel Moore, Mrs. Edward Morgan Jones, Jesse Robinson, ex-officio member.

Ball—Harry S. Anderson, chairman; Ben Shapiro, Mrs. Frank Law.

Music—H. J. Brouwer.

Picnics—Frank Kennedy.

Fraternal organizations are asked to take part in the street pageant. The organizations are requested to communicate with George B. Keefe at the Municipal Auditorium at once, regarding position in line.

IRISH CRUELLY TREATED, SAYS ENVOY'S REPORT

LONDON, June 13.—The Daily News publishes a portion of what it declared was the report on Irish conditions submitted to President Wilson, Secretary Lansing and Premier Lloyd George by Edward Dunne, Frank Walsh and Michael Ryan. The report said:

"In the Mount Joy prison yards we found the highest political prisoners in cages like those in the Lincoln park and Bronx park zoos. Many were confined in narrow, unventilated underground cells. Many had been confined for months, uninformed of the charges against them and denied the right of trial by jury.

"During the past few months at least ten prisoners have been killed by guards under circumstances approximating murder."

Street Car Company Gives Up Franchises

Street car franchises on West Fourteenth street and on Thirteenth avenue, covering tracks not now in use, were surrendered before the city council by the San Francisco-Oakland Terminal Railway. This had been agreed to a week ago, when General Manager W. R. Alberger appeared before the council, announcing that the company would remove the tracks in question and restore the streets. Work will begin as soon as approved by the Railroad Commission, it was stated in council today.

Winifred Black

Writes about FOLKS AND THINGS

Winifred Black

Fashion shows for men—that's the latest fad. And a nice, lively, wide awake, sensible fad it is, too. Why should it be? Why shouldn't men go somewhere and find out what to wear and when to wear it, just as women do?

They massage their faces, and wear powder, and diet for the sake of their figure, and put brilliantine on their hair, and wear clothes that were designed for boys when they're past forty—oh, yes, you do, gentlemen, you know you do, and we all know you do it, too—and why shouldn't you, if you feel like it?

Vanity—men less vain than women? Run away, child! Who ever saw any such idea as that into your head?

Women act more vain than men when it comes to clothes, but as far as real, deep, dried-in-the-wool, ineradicable, irrefutable, unchangeable and unchangeable vanity goes, a man can give a woman all the trumps in his hand and take every trick on the table.

How many women fifty years old do you know who imagine they can make a boy of twenty fall desperately in love with them?

How many men of fifty do you know who would be at all surprised if you told every one of them that the Venus de Milo was uncomfortable on her pedestal because it didn't come to make love to her?

I never saw a man so old or so ugly or so poor or such a failure that he didn't think it possible for the prettiest, sweetest, cleverest and richest woman in the world to fall in love with him.

MEN ALSO ARE VAIN. Masculine vanity—any girl who works in any kind of an office can tell you a few things about that. Men are twice as vain as women. An early woman knows that she is ugly. An early man will believe that he's an Adonis if the slightest little girl in the world makes eyes at him just to get him to buy her a box of candy or a bunch of violets.

Men are vain of business ability, vain of their looks, vain of the way they manage their debt, or mismanage their one.

They are vain of their mistakes, and vain of their weaknesses. A perfectly intelligent man will sit up and tell you that he's a brute when he's drinking and expect you to admire him for it.

A careless, improvident, selfish wastrel will brag that he never really earned his living in his life and never had to, and will not have the faintest idea that you don't admire him deeply for what he's saying.

A man will have a good wife, fine children and a thriving business and let himself be jockeyed out of them all by some astute little creature who sees his weaknesses and plays upon them, as the man in the orchestra plays upon the flute.

Vanity of vanities, and all to vanity, saith the preacher. Women are vain enough, goodness knows! Vain of their eyes, vain of their figures, vain of the size of their shoes.

Vain of their power to flatter, vain of their ability to captivate, vain of their helplessness, vain of their cowardice, vain of their own folly and their own selfishness.

SPORT Togs come in all colors of the rainbow and the sport girls show them on the avenues.

HECTIC SHADES ON SKIRTS

By MARGARET ROHE

Most stunning togs of every sort. For every sport has May! For polo, tennis, motorcine, golf, fishing and croquet; for basket ball and swimming too, but at the end of day, she's changed those togs so many times.

NEW YORK—Some in rags—glad rags; some in tags—large and juicy tags—and some in velvet coats, the sport girls are coming to town. Most every one knows that the smartest sport togs are worn in town, anyway, strolling down Fifth Avenue rather than through open fields and a sweater and a tri-colo skirt are just as much in evidence teeming at the litz as teeing on the golf course.

But be that as it may, the newest velvet sport coats that are crowding the ubiquitous sweater for sport supremacy this season are certainly winners. Some are cut on Tuxedo lines, while others affect the bold Norfolk style and both are equally effective.

One stunning belted model in black velvet has a panel collar bound with black braid that ends in two novel pockets, button trimmed at each side of the front. Two buttons embellish the plain tight sleeves and two also fasten the belted hem.

The coat is lined with white silk. Black velvet coats are also smart and wool jersey Norfolk jackets, in all vivid shades, turn the sweaters pale with envy. Still sweaters are by no means to be cold-shouldered out of the picture. Coat sweaters of silk and wool still claim to sporty shoulders and the slip-on ones of wool or silk, either with or without sleeves, have taken on a new angle or two, with a fitted waist that opens up new possibilities within its crocheted squares and fillet motifs. Vivid and hectic shades of sweaters are still in the running, though guaranteed not to run, yet the pure white sweater or the one black as the Kaiser's conscience are the two chic favorites.

It is the sport skirt that is a perfect riot of color this season—so much so that it is indeed almost necessary for a subdued black velvet or a classic white sweater to top off such frivolities with a dignified finish.

In tri-colo, Georgette satin and Fantasy silks they are tucked and belted, pleated and button-trimmed. In half-tones of pink, turquoise, orchid, apricot and Nile

In days of old, in ancient Greece and Rome, the winning sports were crowned with laurel wreaths, but nowadays in up-to-date New York the laurel of the sport field that they are winners only when they are crowned with a floppy wide-brimmed hat of helle lured and coarse meshed straw, a garland ribbon or fruit wreath or else a smart, close-fitting, shiny black straw sailor, banded in brilliant black dotted, Roman striped or fantastically figured silk.

To be a good sport girl these days certainly does require some clothes.

Out of Nature's horn of plenty another Spring has tumbled—right at my feet—and on looking it over I have decided that it is the best Spring yet. The robins never came earlier or began more ardently to gather their nest-tugs. The peep-frogs, whose annual advent always makes an item for the local papers, are chorusing in the marshes with what seems to be special glee. The violets along the highway are more plentiful than ever before, especially in the lush places where the early rains lingered in the little hollows. And the grass, which John J. Ingalls said was the "forgiveness of Nature," has spread its green with amazing swiftness over the fields and lawns—a carpet more luxurious than the looms of Brussels ever wove. The color of it all, and the wealth of it all, and the music of it all, have sort of made me over, I guess. I feel like singing. In fact, I got up very early the other morning and went out while the day was very young and saw certain things, and felt certain feelings, and actually did sing—a little song about—

BRIDE'S DRESS

What lacy things the spiders weave before the startling dawn! What fairy-patterned filmy drapes they hang, the fences on!—In hidden looms the shuttles fly through the soft night and still, For soon the gallant sun will come to wed the blushing hill, 'Tis meet a gown of gossamer should the sun's bride adorn, And so the silent shuttles fly before the wedding morn.

Adelle Garrison's New REVELATIONS OF A WIFE

(Continued from Yesterday.)

A footstep, which to my imagination was stealthily sounded in the woodland at my side. I turned quaking inwardly, but outwardly calm, to confront the unknown intruder.

William Trumbull—for it was he whose footstep in the woodland had so alarmed me—stood twisting his cap and bowing as I turned abruptly toward him. He had evidently telegraphed very hard to make his pitifully threadbare clothing look respectable, and his face wore an anxious look even through the broad smile which overspread it. At his heels was a bull terrier who had once been white and still showed a good strain even through the general dinginess of his appearance.

"Howdy, Mrs. Gramie!" This was William's salutation, and was so relieved to find his hostess rather repulsive face looking into mine, instead of some unknown, perhaps dangerous person, but I put extra warmth into my greeting of the poor old chap.

"How do you do, William?" I said cordially. "I haven't seen you since the day you helped us move. I hope you've been well. Is this your dog?"

William is the child in his delight at any one noticing him or his belongings. He gave a short low whistle, and the dog jumped to him, and put both paws upon his body, looking up into his eyes anxiously.

"I guess you ain't never seed Pete, have you, Mrs. Gramie?" he asked. "Here, Pete, roll over for the lady."

The dog looked up at his master as if in mute protest at having to do a trick better fitted for a poodle than a dignified bull terrier, but William was insistent, and Pete rolled over obediently.

"Now shake hands," William commanded. But at this I interposed, for I was dressed on my journey to the city, even to my gloves, and the dog was decidedly dirty.

"Don't make him do that, William," I said hastily. "Pete is too dignified a dog to do silly little tricks. Is he your dog?" Where have you kept him?" I knew that if William's attention was diverted for a moment I was safe from his demonstrations of dog-trick ability. Poor old William cannot manage but one idea at a time.

"Yes, Mrs. Gramie, he's my dog," the old fellow returned proudly. "I've kept him since he was a pup. He's a dog that was working on one of the big estates of his kind to me, said his mother was a bench dog. But I green they combine satin stripes upon a Georgette base in a manner to reveal much shapely symmetry."

Harder, more durable but no less smart, are the skirts of flannel and of serge. All white serge skirts show a penchant for many pin tucks bisecting them around and round with rows of tiny buttons, one on each side of both and always tucked and buttoned pockets. The tri-colo skirts weave their silken charms around fairer limbs in all colors of the rainbow, but depend rather on their color and material beauty than on trimming and ornate garnishment for the effects.

Flannel and serge skirts run to large and colorful plaids and wide stripes in black and white or color, and these are either box or knife-pleated. One-toned flannel skirts of pink, turquoise, or light blue are all tucked up considerably and there is a new crinkly weave silk in all these delicate pastel tones that seems to be quite the newest wrinkle of the season.

"I suppose so," I said faintly. "Well, then," triumphantly, "there's just no two ways about it, you oughtn't to have thought about it, William."

"But you can't get along here without a man," he argued. "Mr. Gramie, he can't take no care of a place, and then he'll be gone too, most likely. Won't he?"

Again the stab! Even this poor old wail expected that Dicky would soon join the ranks of his country's defenders.

"I suppose so," I said faintly. "Well, then," triumphantly, "there's just no two ways about it, you oughtn't to have thought about it, William."

THE PIRATES

By Juanita Hamel

THE trees are rustling in the singing breeze and the sea is sighing the same refrain—"Beware! Beware!" For a bold buccancer and a "ladye fair" are lying in wait for one "from over the sea." Perhaps she doesn't realize Dan Cupid is near, though she should, for her heart is

beating fast, but perhaps she thinks it's due to the glasses she just laid down because he is so near. And HE—he doesn't hear and he doesn't see—on he comes thinking of HER, for the greatest loss he could sustain would prove his greatest good fortune. He may lose his HEART, but richer will he be for HER heart will be HIS in return.

hain't had no place to keep him regular. This last winter the butcher let him stay back of his place, but he wasn't very good to him, used to kick him around, and Pete isn't used to that, be you, Pete.

The dog gave a short bark and wagged his tail, his eyes fixed adoringly on William. Evidently to this faithful canine soul, William Trumbull, the dorklet, was a hero.

"Jim, he told me he was going to war," This was William's next contribution to the conversation. He tried to make the observation casual, but there was an anxious ring in his voice, and I saw his near-sighted eyes peering up at me, for William, while possessing immense strength, is almost a dwarf in stature. At once the meaning of his seemingly casual encounter with me flashed upon me, but I resolved to let him introduce the subject himself.

"Yes, he's going soon," I replied non-committally as William paused, evidently awaiting an answer. "Well, now Mrs. Gramie, what you going to do for a man around the place when Jim goes?"

"I hadn't thought about it, William," I said. "But you can't get along here without a man," he argued. "Mr. Gramie, he can't take no care of a place, and then he'll be gone too, most likely. Won't he?"

"Jim, he told me he was going to war," This was William's next contribution to the conversation. He tried to make the observation casual, but there was an anxious ring in his voice, and I saw his near-sighted eyes peering up at me, for William, while possessing immense strength, is almost a dwarf in stature. At once the meaning of his seemingly casual encounter with me flashed upon me, but I resolved to let him introduce the subject himself.

"Yes, he's going soon," I replied non-committally as William paused, evidently awaiting an answer. "Well, now Mrs. Gramie, what you going to do for a man around the place when Jim goes?"

Woman Bigamist

Granted Probation

SAN FRANCISCO, June 12.—The much married Marion Bradley Kosack Davis Butler, 21, appeared before Police Judge Oppenheim on bigamy charges and after swearing to a most solemn oath which the court had prepared not to marry again until she had been divorced from her trio of husbands was released on probation in the custody of a juvenile court officer.

The girl's second husband, John E. Davis, Mare Island Navy Yard, and who is like the others attached to the navy, was in court and agreed to assist in untangling the marital web which his wife had bound about her.

TRIBUNE DAILY ALMANAC

FRIDAY THE THIRTEENTH

"When ill-tuck falls asleep, let nobody wake her." Your alarm clock should have been ditched last night. A lucky day for those who escape misfortune. Do not walk under a ladder if it is falling. Step not directly in front of speeding drivers; pick an expensive machine. Windfall Scott was born this day, 1756. In 1853 a treaty with China was signed, "an open covenant openly arrived at."

Cross your fingers early and often. It is Friday, the thirteenth, until midnight.

JUNE, BEING THE MONTH OF BRIDES. Lucius H. Norris of Piedmont was born June 4, 1864; his father on the same date, 1824; his son, June 4, 1894; a grandchild this year, and the fourth of this month. Fate, it would seem, is a twin sister of Coincidence and plays in the same back yard.

HOW'S EVERY LITTLE ANT IN YOUR CUPBOARD, TODAY? There's the bee, both hon, and He's no disposition bumble. He is busy. And he's fuzzy. Thought a decent sort of feller. But the ant—the Argentine. There's no animal that's meaner. Though he's quiet. And he's a vivid yellow.

N. D. G. W. ARE PREPARING FOR 1920 CONTESTS

BERKELEY, June 13.—With the excitement of the annual election in the Grand Parlor, Native Daughters of the Golden West, not yet abated and those chosen to lead the destinies of the order through the coming twelve months not installed until this evening, politicians are discussing the outlook for next year and candidates are frankly admitting their names for the 1920 fight at the polls.

Dr. Victory A. Derrick, who will be elevated tonight from the position of grand trustee to grand marshal, will become at the next annual session a candidate for the grand vice-presidency, with the acknowledged ambition to later fill the chief executive office. Inasmuch as Mrs. Adelle L. Mosher, retiring grand president is an Oakland woman and Dr. Derrick is identified with Aloha Parlor of Oakland, the contest will probably resolve itself into a sectional fight. Miss Corinne Wood of Santa Cruz, who was defeated by Dr. Derrick for grand marshal, has asserted that she will become a candidate for the same office next year. Mrs. Mattie Stein of Los Angeles, re-elected a grand trustee, has come forth as a direct opponent to Miss Wood's candidacy, her name already being mentioned for grand marshal in 1920.

HARMONY DISTURBED.
The war spirit entered into the Grand Parlor yesterday, and was a forerunner of that which brought tears and tempests in its wake at the closing session of the four-day meeting at the Claremont Hotel today. Fiery eloquence, snapping eyes, flushed cheeks and signs of temper marked the first session of the morning and evening 300 delegates up to the noon hour breathless and seeking a new attack. The boast that the 1919 Grand Parlor was to break precedent and go down into history as one of quiet serenity and perfect harmony failed when at the noon hour yesterday Dr. Mariana Bertola of San Francisco and Mrs. Lilley T. Dyer, the founder of the order, waged a personal battle over the merits and demerits of the Native Daughters' Home, which is maintained in San Francisco on behalf of disabled members. The conflict was short and exciting and called the onlookers to the rescue of the combatants.

RELIEF HOME CONTROL.
The subject for the recess disagreement was introduced on the floor of the convention late yesterday when Dr. Bertola offered a resolution passing the control of the relief home from the board of directors to the Native Daughters' order. The representatives were nicely divided in favor and adverse to the proposition, with a conciliatory group urging that the matter be left for consideration of the 1920 parlor after subordinate parlors had expressed themselves.

Three hours of oratory arrived at only the dinner hour and a postponement of the convention vote. The question will be continued today. An appointment of a committee was ordered, but the naming of the body was overlooked.

The problem to be settled today and which has precipitated a series of personal encounters is whether or not the home will be maintained by the order or remain under the control of the incorporated board of directors.

Some of the new officers of the Grand Parlor, N. D. G. W. In the top group, those in the back row, left to right, are: MRS. MARY E. DONNELLY, trustee; MISS CATHERINE E. GLOUSTER, trustee; MRS. PERCY LAMB, outside sentinel. Below, left to right, are: MRS. EDNA E. SAYGROVER, inside sentinel; MISS LILLIAN B. TROY, organist; MRS. BERTHA A. BRIGGS, vice-president; MRS. MARY E. BELL, president. In the insert are MRS. HENRIETTA O'NEILL (left), MRS. MATTIE STEIN and DR. LOUISE C. HULBERN, all re-elected as trustees

control of the incorporated board of directors.

The Baker street institution was inaugurated 38 years ago. A debt of \$8000 has been raised recently by the board of directors, clearing the way to a control by the state order. The estimated budget for the year is \$2000. The refuge for disabled members is limited to accommodations for eight. Dr. Bertola, who has been prominent in the work of the board of relief, accuses Mrs. Dyer of having in the beginning been favorable to the whole project. Mrs. Dyer is leading a force which declares that sufficient returns on the annual output are not being received by the order. The deadlock will be broken today. The decision to take over the home will impose a substantial increased per capita tax on the individual daughters throughout California.

OLD FIGHT RENEWED.
The old fight between north and south was renewed yesterday when Miss Grace Stoerner of Los Angeles, past grand president, from the floor of the convention, made an attack which involved Mrs. Dyer, the founder. Rumors that the whole matter of the rehabilitation of the order by admitting non-native women into an auxiliary organization would be received and that the action would probably come from the delegates of the lower end of the state gave to Miss Stoerner the opportunity for demanding an explanation. Mrs. Dyer was credited with the statement that "Northern California was too loyal to California to suggest such a breaking down of custom."

Miss Stoerner objected to having a stir cast upon Southern California as being any less loyal Californian. The established orators of the Grand Parlor participated in the discussion. Although the rehabilitation plan has not come officially before the session and it is believed

that the decision at the Fresno Grand Parlor will stand, there are those who admit that the membership which during the past five years has remained stationary at about 10,000 needs to be increased by some means.

OFFICERS ELECTED.
The election resulted in a complete victory for Miss Alice Dougherty of Livermore as grand secretary of the Native Daughters of the Golden West for another year. Miss Dougherty has served in this office for many terms. It was conceded that no opposition would be offered her at the polls. However, the nomination of Mrs. May C. Goldermann of San Francisco and the appearance of her name against that of Miss Dougherty on the ticket was one of the surprises sprung at the session. Alameda county won two places among the Grand Parlor officials in addition to the grand secretary. Dr. Victory A. Derrick of Oakland receiving the election for grand marshal against Miss Corinne Wood of Santa Cruz and Mrs. Maude Wagner of Berkeley being named as one of the seven new trustees.

The following officers were elected: Grand president, Mrs. Mary E. Bell, San Francisco. Grand vice-president, Bertha Briggs, Hollister. Grand secretary, Miss Alice Dougherty. Grand treasurer, Susie K. Christ, San Francisco. Grand marshal, Dr. Victory A. Derrick. Grand inside sentinel, Edna Saygrov, Redding. Grand outside sentinel, Pearl Lamb, Tracy. Grand organist, Lillian Troy, San Francisco. Grand trustees, Henrietta O'Neill, Jackson; Mattie Wagner, Berkeley; Catherine Gloster, Alhambra; Mary

Ella Donnelly, Anderson; Dr. Louise Hollbron, San Diego; Mattie Stein, Los Angeles; Mary Mitchell, San Jose. The definition of pioneer has been modified by the order in its records to include those who came to reside in California previous to the year 1850.

DINGEE MUST GIVE HIS DEPOSITION

SAN FRANCISCO, June 13.—Superior Judge George A. Sturtevant denied today the application which would have defeated the taking of a deposition from William J. Dingee in the Fair will contest brought by Wesley Crothers, one of the beneficiaries under the trust clause of the will, but affirmed an application made in the case of Frank A. Losh. Following this oral decision from the bench, Attorney James A. McKenzia, representing Crothers, announced that in spite of the court's ruling the deposition of Losh would be taken before Notary Public Julius Cram this afternoon. The court then announced that he would give McKenzia a stay of execution on the order to permit the carrying of his deposition to the Appellate court on appeal.

Today's action was brought by Attorney Alex. McCullough and Gen. Clough, representing Herman Oelrichs Jr. Attorney Samuel Shortridge appeared for former Supreme Court Justice Frederick W. Henshaw and made the principal argument against the taking of a deposition from Dingee.

Time Brings Happiness With The Dawn

The Coming of Baby Marks the Advent of a Glorious Future.

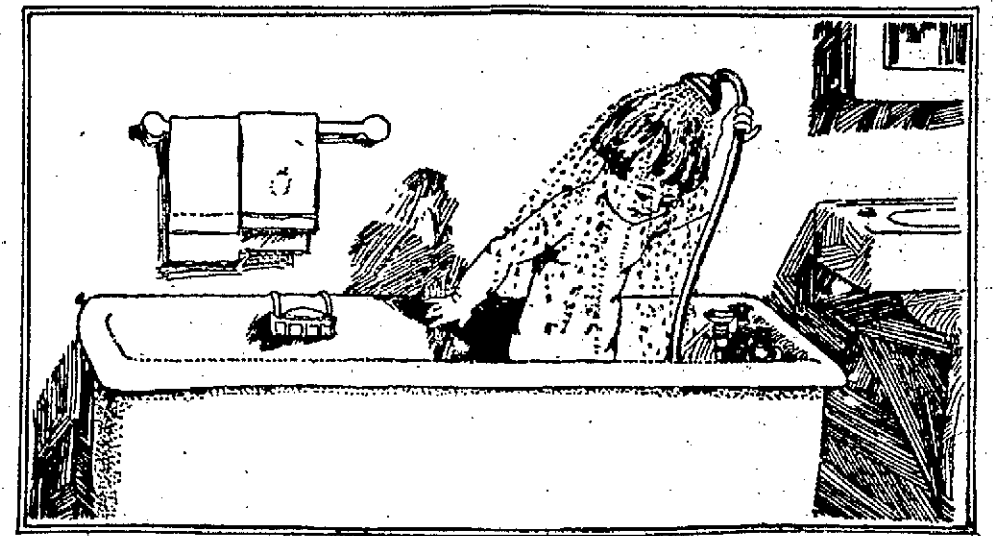

Scientists say great stress should be laid upon the remarkable influence which the mother's happy pre-natal disposition has upon the health and future of the generations to come.

There is a splendid preparation woman for over half a century have applied before the birth of a child, known as Mother's Friend. This is a most grateful, penetrating remedy that at once softens and soothes the myriad of broad, flat abdominal muscles under the skin of the abdomen. By its regular use during the period the nerves, tendons and cords are relaxed and there is an absence of nausea, bearing-down pains, strain and general discomfort more often than otherwise experienced when nature is unaided.

By the use of Mother's Friend night and morning the muscles relax with ease when baby comes, the time at the crisis is shorter and pain and danger is naturally avoided.

Write the Bradford Regulator Company, Dept. E, Lamar Building, Atlanta, Georgia, for their Mother's Friend Book, and obtain a bottle of Mother's Friend from the druggist, by all means, and get into condition to meet the crisis.—Advertisement.

I. W. W. SECRETARY IN POLICE COURT

The examination of James McRugo, secretary of the local I. W. W., began this morning before Police Judge Samuels. Fenton Thompson, police inspector who made the arrest, told of making the arrest at 221 Eighth street and of finding hundreds of I. W. W. poster stickers and bulletins in the I. W. W. reading room.

Under a fire of cross-questioning directed by James G. Lawlor, attorney for the defense, Thompson was on the witness stand for two hours. The examination was continued until June 17 for further examination.

The case is a test of the new California Syndicalism law.

Boy Embarrassed by Another's Crime

It is a long time ago that the question was asked, "What's in a Name?" but the situation that, perhaps, prompted the question is in operation today or at least a situation somewhat similar. Apropos of which is the fact that there is in the Alameda County jail a youth of 18 years whose name is Kenneth Granger, and he is accused of a number of things that warranted publication.

Now it happens that there is in Oakland another youth, 14 years old, whose name also is Kenneth Granger, and the similarity has caused him much chagrin. Therefore, be it known that the Kenneth Granger who is in the county jail is not the Kenneth Granger who attends the Intermediate High school, and is the son of Alexander Graham, 1225 East Twenty-fourth street.

\$250,000 LOSS INS. F. BUSINESS DISTRICT BLAZE

SAN FRANCISCO, June 13.—Fed by tallow and quick-burning oils that blazed with almost the violence of an explosion, fire early this morning destroyed the interior of the Gutterd Exporting Company building at Davis and Clay streets, spread to the Anchor Packers' building, threatened the gasoline and oil tanks on nearby structures, and for a time menaced the entire block. The damage was roughly estimated at \$250,000. Spices, supplies and imported goods were burned in the Gutterd building. The furnishings and contents of the packing company building were badly damaged. Smoke and water damaged Schaas restaurant, on the ground floor adjoining and several other stores.

DANGER OF EXPLOSION.
Three alarms were sent in for the blaze. Firemen risked their lives for several hours to keep the fire, which shot upward a hundred feet, from several big gasoline tanks in momentary danger of explosion.

The blaze was discovered on the fourth floor of the Gutterd building. Stores of tallow and coconut oil had caught and spread and the roof was blazing before the first alarm had been responded to. Thousands of spectators gathered to watch the blaze and had to be driven back by the police. Fire Chief Murphy feared an explosion that would have worked havoc had a crowd gathered about the place.

FIRE TRUCK HITS CAR.
Fire engines and trucks halted for fifteen minutes on nearby streets. One truck, skidding at New Montgomery and Market streets, struck a Hayes street car. No damage was done, however.

Fire Chief Murphy, a fireman, was cut on the head by a falling timber. This was the only injury. Investigation is proceeding today to ascertain the cause of the blaze. So far the origin of the fire is a mystery, no reason for the sudden outcropping of flame having been located. Fire Chief Murphy says that spontaneous combustion in the oil stores is possible but unlikely.

Speeches Strengthen Hun Cabinet Position

BERLIN, June 13 (By the Associated Press).—The position of the German cabinet has been materially strengthened as a result of the speeches of Gustave Noske and Philipp Scheidemann at the Weimar convention of the majority Socialist party, according to the view of the non-Socialist press. Opposition to the members of the cabinet in their own party seems to have been overcome.

COBURN SLAYER TRACED IN S. F.

Fingerprints on the cloth with which Mrs. Sarah Satira Coburn was beaten to death in her home at Pescadero, June 3, have led the police to put under surveillance a San Francisco suspect whose fingerprints are alleged to tally with those found on the bloody cloth with which the aged woman was murdered, according to a statement made by District Attorney Franklin Swart of San Francisco today.

"One of the murderers of Mrs. Coburn dropped a small article in the Coburn home," Swart said, "and with this clue to work upon, we have traced the man who now suspect we would make it possible for his accomplice to escape. Until an arrest is made I will make no more statements on the matter."

Two petitions for the probate of the estate of Mrs. Coburn were filed in the county court house at Redwood City yesterday. One was filed with the article to its owner, procured his fingerprints and now have the suspected man under close watch. We believe the crime was committed by two men, and if we arrested the man we now suspect we would make it possible for his accomplice to escape. Until an arrest is made I will make no more statements on the matter.

STEWARDS' STRIKE HOLDS SHIPPING

LONDON, via Montreal, June 13.—A strike of ship stewards at Liverpool is holding up trans-Atlantic shipping from that port. All the Atlantic liners are affected, the sailings of the steamers Canada, on Thursday, and the Baltic and Belgic on Saturday having been cancelled. The steamer Scotian, with 1700 Canadian troops on board, is held up likewise by this strike.

BANDIT HOLDS UP WORKER.
George Small of 1001 Adelme street reported to the police that he was held up and robbed. Small claims that he was coming home from work when some one jumped on his back from behind and after knocking him down went through his pockets. He reported the theft of a watch and several dollars in silver.

PENCIL GAME IS DEvised AS DICE SUBSTITUTE

If you notice two men carefully rolling an octagon-shaped pencil on a bar or cigar counter beware!
They're criminals!
They're shaking for the drinks or cigars.
It's the new game—"Oakland dice"—and it's caused a sudden demand for octagon pencils.
Yesterday the police halted dice games in connection with Oakland's new "chemically pure" anti-gambling law, which according to Chief of Police J. F. Lynch, stops everything from a church raffle to fan-tan. Today the "pencil game" showed up. It's quite easy.
You mark numbers, from one to eight, on the eight sides of the pencil. Then you roll it. The other fellow rolls it, and the man that rolls the low number buys the drink!
So if you see a man rolling a pencil, call a cop!

NARCOTICS IN U.S. ARE USED EXTENSIVELY

BY ASSOCIATED PRESS

LEADS WIRE TO TRIBUNE

WASHINGTON, June 13.—National-wide use of narcotic drugs for other than medical purposes is steadily increasing despite vigorous efforts in the last four years in the enforcement of the federal law. This was discovered by the treasury's special investigating committee which submitted a final report today.

The number of drug addicts in the United States was estimated to be in excess of 1,000,000.

The committee found that imports of opium into the United States have increased twice as fast as the growth in population. Imports of coca leaves from which cocaine is made also have grown steadily.

It has been stated that about 90 per cent of the amount of these drugs entered for consumption is used for other than medical purposes, the report said. While this comparison is probably extreme, a comparison of per capita consumption in this country with that of other countries indicates that this country consumes from 13 to 72 times as much opium per capita as other countries.

"What effect, if any, nation-wide prohibition will have on the situation could not be definitely determined," the committee report said. "The consensus of opinion appears to be that the number of addicts will increase as soon as the prohibition laws are enforced."

STEEPLEJACK FALLS WHEN RIGGING BREAKS

ALAMEDA, June 13.—J. L. Baver, a steeplejack, employed to paint the city hall flagpole, fell about 20 feet yesterday afternoon when his rigging gave way, and was painfully injured. After treatment at the Emergency Hospital, Baver was removed to the County Infirmary. City Physician Arthur Hieronymus and Dr. H. C. Crum found Baver had sustained an injured back and many bruises and bumps, but no lasting injury was found.

The steeplejack painted the Bikes' flagpole in the morning and was on his second pole painting job for the day when he fell.

Ask City Council to Welcome Druids

Invitation was filed with the council today by the Supreme Grove of Druids, asking the council to assist in welcoming delegates to their convention June 16. This was referred to Mayor Davis.

A petition from residents on Steiny avenue, asking that the street's name be changed to Forty-second avenue, was referred to the street department. Application was received from M. C. Jones for permission to operate an auto stage service between Concord and Oakland. A hearing will be held June 23 by the council on this matter.

City Must Buy Teeth for Battalion Chief

The City of Oakland must purchase, under due legal process, two false teeth, guaranteed to bite through a plug of tobacco just as its predecessor did, as the result of a day's garage fire. Battalion Chief Charles Thaler had two teeth knocked out. He is entitled, City Attorney H. L. Hagan ruled today, to have them replaced under the compensation laws.

Thaler says the plug of tobacco test would be standard for his case.

Alameda Pears and Cherries Lead State

Fruit crop conditions of Alameda county, based on the state average for the different varieties, are reported as follows in a bulletin prepared by George P. Weldon, chief deputy, and O. W. Newman, field deputy, of the State Commission of Horticulture:

Almonds 20, state average 71; apricots 55, state average 33; cherries 100, state average 33; pears 95, state average 37; prunes 50, state average 96.

O'Neill Hearing is Set for June 24

June 24 was set today by the Civil Service Board for the hearing of an appeal of Corporal Thomas O'Neill of the police force, under indictment on graft charges by the Grand Jury, against his suspension by order of Chief of Police J. F. Lynch. O'Neill denies that indictment is not ground for suspension. Similar contention is made by Sergeant J. H. Neiderman, former chief.

Macy award. The men returned to work yesterday.

The San Francisco milk wagon drivers have demanded a weekly wage of \$37.50, an eight-hour day and one day off each week. The men declare that unless their demands have been granted on or before June 15 they will go out on strike. The present wage is \$135 a month. About 300 men will be affected.

Special committees from the International Molders' Union met yesterday in the Labor Temple and completed plans for the annual gathering and games of that organization, which will be held next Sunday, in Shellmound Park.

Many unique and attractive features have been arranged. A special river throwing contest, which will bring together record holders from eight shipyards will be among the features.

Women and children will be admitted to the festa free of charge and two large dance halls will be thrown open during the afternoon. The executive committee included Robert W. Purton, chairman; P. L. Dowd, secretary; J. E. Dillon, treasurer; John O. Walsh and J. Nolan.

Alameda county building contractors agreed to the \$8 a day wage for carpenters, according to officials of the eight Alameda county locals of the Carpenters' Union. The new wage will be effective July 1 providing an arrangement can be made whereby contractors will be protected on contracts already let and on which carpenters' labor has been estimated on the old wage of \$7 a day. A clause in the constitution of the carpenters' organization provides that a 90-day notice be given the contractors in the event of a demand for an increase in wages, and in order to comply with this rule a vote will be taken in the various locals to determine whether the members are willing to make an assessment to cover the difference between present wages and the new wage. In the event the locals agree to the assessment a contractor would be paid by the men the difference of wages on him on account of contracts on which he has estimated carpenter labor at \$7 a day.

James P. Brock, general president of the International Union of Laundry Workers, has arrived in Oakland from the international headquarters of the laundry workers' union for the purpose of negotiating labor troubles in two O-laudries. Brock was elected to the presidency of the International Union of Laundry Workers eight years ago, while an official of the local union and a delegate to the Central Labor Council. Born and educated in this city, he resided here until eight years ago, when he became president of the international body.

The five representatives of the Pacific Coast Metal Trades Council who will represent that organization at a conference between the men and the Pacific Coast shipbuilders for the purpose of negotiating a new wage agreement to take the place of the Macy award, have been named according to E. B. Wolff, secretary of the local "Boilermakers' Union." They are C. E. Crow, Los Angeles; Thomas Russell, Tacoma; Jas. Taylor, Seattle; W. Corncroft, Portland; and H. L. Sweeney, Oakland. The place of the conference, which will be held some time during the early part of July, has not yet been named.

The strike of the members of the Foundry Employers' Union at the James Graham Manufacturing Company, Newark, which was called a week ago, has ended. The company agreed to pay the scale of wages provided in the

PUPILS LOSE FIGHT AGAINST SCHOOL HEAD

BERKELEY, June 13.—Actions of students at Berkeley High School in urging the dismissal of C. L. Biedenbach have been ignored by members of the board of education.

Biedenbach succeeds himself as principal of the school for another year. No official action was taken by the board on the re-appointment of the high school head, Biedenbach having retained his post automatically without the formality of re-election. The time-limit for the dismissal of teachers expired yesterday.

According to Superintendent H. R. Wilson no petitions of high school students have reached him or members of the board of education. He declares that if the students have grievances against their principal they have not taken them to the proper persons.

"As a result," he declares, "we can do nothing but ignore the reports which have reached us in roundabout ways."

Biedenbach has been principal at the school for nine years and at various times has been the subject of attack on the part of students.

Ry. Revenue Decrease \$43,583,039 in April

WASHINGTON, June 13.—Net operating revenues of the principal railroads decreased \$43,583,039 for April, 1919, as compared with the same month of 1918, the railroad administration announces.

FIGHTING CHINK GIVEN WELCOME

Sing Kee, the "Fighting Chink from San Jose," as he is known throughout France and a great part of the United States, to say nothing of Germany, received a welcome at the Oakland Hotel this afternoon that made him think for a minute he was back where death missiles were flying. From his home town and from Oakland and San Francisco Chinatown there assembled many of Sing Kee's countrymen, and there was included a considerable representation from the International Socialist party.

Keen on intelligence service in the Yee region, Sing Kee's post of observation when his companions were all either killed or called back. Although surrounded by German troops, he continued sending messages back to his commanding officer by dogs and carrier pigeons until from these devices, the Americans were able to recapture their objective.

Sing Kee is a member of a detachment of 100 wounded men. Other detachments due to arrive today are 30 men from Camp Jackson, time not stated; 31 from Camp Dix, 1919 p. m., and 59 aviators from Kelly Field, due at 7:15 p. m. Arrangements to receive the men and to serve hot lunches if necessary are being made by the Oakland Red Cross.

In Chinatown across the bay a big banquet starts this evening.

TWO MURDERERS SENTENCED

SALT LAKE, June 13.—Ignacio Martinez and Ramon Archuleta, Mexicans, have been sentenced to fifteen years and to life imprisonment respectively for the murder of a woman in the Salt Lake district, Utah.

HUN SOCIALISTS INDIGNANT AT PEACE TERMS

WEIMAR, Thursday, June 13.—(By the Associated Press.)—Resolution expressing indignation at the "peace of violence" which makes Germany's future "impossible" were adopted by the Majority Socialist party at its convention here today. The resolutions declare that the peace terms are not in conformity with President Wilson's fourteen points.

International Socialists are called upon by the party to protest against what is characterized as "the most unheard of peace of modern history."

Widow of Soldier Hunted by Police

SACRAMENTO, June 12.—The authorities here today forwarded to all parts of California and to Eastern points a description of Mrs. Jessie Rheinlander, war widow, for whose arrest a warrant as a runaway has been issued by the juvenile court here.

Mrs. Rheinlander disappeared nearly two weeks ago, a few days prior to her seventeenth birthday. Her husband, Ed. A. Rheinlander, was killed in the fighting in France. The couple were married in San Diego in January, 1918, when she was 15 and he 20.

Slayer Pardoned Before Term Begins

SEATTLE, June 13.—Sentenced on November 20, 1917, to from two and one-half to twenty years in the state penitentiary for manslaughter, W. S. Walker, 72 years old, who has never served a day of his sentence, today was pardoned by Acting Governor E. F. Hart. Walker was convicted of slaying Dominic Tansy of Hillman City, near here, and his case was being held for review by the United States Supreme Court when the pardon was granted.

DOLLAR'S VALUE CIVIC PROBLEM

"What is the purchasing power of a dollar today?" This is the problem city auditor Harry G. Williams is working on, in preparation for computing next year's tax levy, as ex-officio treasurer.

"Every city department is making up a budget," he says, "that will ask for certain sums to operate with for the next year. However, these sums may not be all that will be needed, for they represent not the actual sum of money that those departments need, but the purchasing power of those departments. I must find out the actual purchasing power of the dollar, and measure the purchasing power asked by each department by that standard to find out, in dollars and cents, what is needed. Williams expects to have his calculations completed next week.

In the meantime the council budget committee will meet Monday, when the various estimates of the city's departments will be gone over. Commissioner of Revenue and Finance W. H. Edwards will have returned Monday to take part in the researches. The police department will ask in the neighborhood of \$200,000, the fire department \$200,000, the health department \$25,000, according to rough sketches of their estimates, and the Board of Education will ask for the full five cent tax allowed for schools under the charter.

MRS. HEAD TO SPEAK. Mrs. Alethea Head, inspiration, artist, editor and author, who has recently demonstrated another accomplishment in acting as her own attorney through two lunacy proceedings in which she came out victor, will speak tonight in Native Sons' building, San Francisco, in St. Francis hall, fifth floor. Her subject will be "The False and True in Suggestive Psychology." Seats are free.

AUNT JEMIMA PANCAKE FLOUR

"I'm in town, Honey!"

The promise of trout and pancakes for supper

Trout and coffee taste mighty good when you come in simply starved after a long day's fishing—but when you have a stack of golden-brown Aunt Jemima Pancakes, too,—oh, man! That's a real supper! Those rich-flavored pancakes are so satisfying when you're hungry clear down to your toes! And it doesn't take a jiffy to make them—you just add water to the flour. All the ingredients are ready mixed—even powdered sweet milk. Take along a package of Aunt Jemima Pancake Flour next trip.

VERNON ATHLETES HAND A PERFECTLY GOOD BASBEALL GAME TO SEALS ON GOLDEN PLATE

TERRIBLE TOSSES BY BECK AND DE VORMER COST THE TIGERS ANOTHER BALL GAME

Casey Smith Goes the Full Route; Fitzgerald Actually Throws Out a Runner

By BOB SHAND.

The Seals won the ball game from the Tigers four to three at the local pastime orchard yesterday and Graham's outfit hasn't the least bit of credit coming. If ever a pitcher deserved to win a game it was Art Fromme, the Vernon chucker yesterday who outpitched Casey Smith and then had his own hired help present the game to the enemy. We have heard of a team being presented with a combat on a silver platter. Vernon passed that contest over to the Seals yesterday on a gold tray studded with diamonds.

For instance, take a slant at what happened in the eighth inning. The bases were full and a walk, hit and error killed the corners. Maury Sechick, dumped one and third baseman Beck made the wildest chuck of the season when he missed first base by a mile. Three runs scored. It took four to win the ball game and the home team was left with only the plate. The eighth was a losing inning. William Kamm got up with a dinky single and Red McKee tried to steal. Beck was in the way and they again gummed things up and the Seal backup was safe. Cassey Smith was out. The bases were full and the plate for De Vornier to worry over. The easiest one of a play, the Seal had to make a play. The plate to first base confronted the Vernon catcher, and he threw a mile past the target he aimed at. Kamm was in a complete mess. The Seal was running in for and fooled right back of second base. The wind was carrying the ball and Eddington got two bases when some folks thought Frit should have been charged with a error. The Vernon settled for the afternoon.

The Seals should have led the game in the tenth. The Seal went one down, Carl Crandall belted the ball for three bags. It was a home run. Red McKee was in the way. Graham, coaching on third base, halted his hired man there instead of schooling him in Crandall's style. The Seal catcher hit a chair before the ball was returned even had the throw been perfect. As it was, the ball landed twenty feet from the plate.

Phil Koerner drew a walk and stole home. The Seal was in a mess. Joe Connolly got his chance to become a hero. All Joe did was to tap a foul ball. The Seal was in a mess.

DANCES, BOOZE, GIRLS FEATURE YOUTH'S TRIAL

Chance acquaintance with pretty girls in San Francisco cafes, dancing, drinks, registration cards as a ruse for boys to secure service, and forged checks, all figured in the trial of Lester Stromberg, Richmond bellmaker's helper, in Judge James C. Quinn's department. A jury found the youth not guilty.

The youth was accused of forging the name of F. E. Lang, a garage man, to a number of checks, and he was confronted by a statement in his own handwriting, given to Officer F. Watterbury of the Berkeley police, in which he admitted having written one of the checks, passed it and spent the money for drinks. He says he wrote the statement at the officer's dictation, believing they were to allow him to go home if he did so, and on the stand repudiated the testimony of the officer that the statement was made at the defendant's own motion and denied that what it contained was true.

ANOTHER YOUTH JAILED.

Another fair-haired youth, Stanley Kirkman, arrested last Saturday night in San Francisco as the result of Stromberg's slaying, took the stand and admitted that he endorsed Stromberg's signature on the back of the check on which the present charge is based, and that he cashed it at the Horseshoe restaurant on Thirteenth street. His testimony flatly contradicted the declaration of Handwriting Expert Carl Elsenhimmel that the endorsement was in the handwriting of the defendant.

The witness, Kirkman, said the checks, a dozen or more, filled out payable in Stromberg with the name of Lang as the maker, were brought to him in San Francisco by a man named "Dusty," but he did not know who drew them. Elsenhimmel says Stromberg drew them, but the confession of Kirkman has discredited the testimony of the expert and left the truth of the matter very much befogged.

MET IN CAFE.

Kirkman says he first met Stromberg in a cafe in San Francisco where they were both dancing with the same set of pretty, strange girls. The girls introduced them and they met several times thereafter. Stromberg gave Kirkman his registration card so the waiters would serve him with drinks, he said. He admitted having endorsed Stromberg's name on several checks which he passed, amounting to \$280. The money has been repaid, he said.

Elsenhimmel came in for a lecture by the court when he referred to the defendant's attorney, Wilbur Pierce, as a "kid lawyer." The court threatened him with a fine for contempt.

SAN FRANCISCO NEWS

Home Robbed by Escort, Says Girl

SAN FRANCISCO, June 13.—Angelo Callistri faces a long term in a federal prison today. He was found guilty on a charge of counterfeiting late yesterday afternoon.

A bucket of spurious dollars and numerous other equipment for the manufacture of dollars and quarters were exhibited by the prosecution. Secret service agents testified that the illicit property had been found in an apartment at 2050 Powell street, with Callistri and C. Bingongiar, said to be a counterfeiter of international repute, working over it.

Bingongiar was taken to the Utah federal district for trial on indictments charging wholesale counterfeited operations there.

ESCORTED HER HOME, STOLE COIN AND JEWELS, GIRL SAYS

A young man who escorted Miss Hazel K. Dorothy, 801 Sutter street, to her home Wednesday night, is wanted on a warrant issued yesterday by Police Judge Oppenheim, in which the girl charges that he stole money and jewels valued at several hundred dollars while at her home.

PIGION HELD BY POLICE AWAITING IDENTIFICATION

Exhausted and bleeding from a wound in its breast, a carrier pigeon, too weak and hungry to continue its way, dropped on the wrist of John David, 251 Shipley street, while he was standing at Third and Berry streets. David turned it over to the police department, who fed it and allowed it to sleep. On its ankle was found an identification band with the inscription: "U. S. A. 118." Police have been unsuccessful in finding where the bird came from or where it was going.

MORAL: DON'T LEAVE YOUR FORWARDING ADDRESS

A postal card and a letter from some affectionate woman who signed herself "Porky" when writing to Corporal Carl A. Justus of the city police department, and which fell into the hands of his wife, Mrs. Flora J. Justus, while he was on his vacation in Oklahoma, were exhibited as evidence in her suit for divorce.

Judge Morgan has granted Mrs. Justus a divorce. The card and letter were written to Justus' Oklahoma address, but did not arrive until he left there. The postmaster forwarded them to San Francisco and the wife got them.

The two men were rearrested on a federal indictment charging them with sending cocaine through the mails to Colombia. They will be taken East after serving the term to be imposed tomorrow.

They were convicted yesterday of purchasing 100 ounces of cocaine while posing as representatives of the Colombian consulate here.

CROCKER BANK WILL HAVE LARGER HOME

Announcement that the Crocker Estate Company is planning the construction of a new and larger building on the site now occupied by the Crocker National Bank building and covering also certain other adjoining Crocker property, was made this morning by President W. H. Crocker of the Crocker National Bank.

"Conditions at present are not propitious," said Crocker, "as the cost of building material is almost prohibitive. As soon as prices are lowered we will start work on a building which will be a credit to the bank and to San Francisco."

SEES DIVORCE AFTER RETURN FROM FRANCE

When Sergeant Alfred W. Gallagher returned from service with the American Expeditionary Force in France his bride, Doris E. Gallagher, told him that she cared more for Al Winkelman than she did for her husband and that she had spent much of her time with Winkelman while her husband was away, according to statements in his divorce action filed here yesterday. The Gallaghers were married in Oakland in February, 1917.

His complaint also introduces a letter which he says he received from his wife while away, in which she forewarns him of what has transpired during his absence.

FAVOR AMENDED REVENUE LAW

Advices of two important amendments just made by the Treasury Department to the internal revenue regulations were contained in a telegram received today by the California Manufacturers' Association from the National Council for Industrial Defense. Members of the association will be informed at once by Secretary Fred Beagle Jr. of the ruling announced by the Treasury Department, which has adopted the amendment.

According to the telegram, paragraph 3, article 184 of the final edition, regulations 45, was amended to read:

"In the case of other property the basis of amortization calculation shall be the estimated value of the property to the taxpayer in terms of its actual use or employment in his going business, such value in no case to be less than the sale or salvage value of the property, provided, however, that in no case shall the preliminary estimate (for purposes of return to be made in 1919) of the amount of such amortization exceed 25 per cent. of the cost of the property. In the final determination of the cost or the amortization allowance will be ascertained upon the basis of stable postwar conditions under regulations to be promulgated when these conditions become apparent."

Another regulation issued by the Treasury Department provides that

"corporations and partnerships having a fiscal year ending January 31, February 28, March 31 or April 30, 1919, granted an extension to July 15 for filing returns. This does not relieve them of payment of the installment of taxes due June 15. The manufacturers of the country have been working for some time to have certain amendments to the amortization act adopted, and report that they were cordially treated by Treasury Department officials, who expressed a willingness to co-operate with them in reaching a just basis of taxation."

STOCK-BOND EXCHANGE

SAN FRANCISCO, June 12.—Sugars were the strongest issue traded in and many advances were registered. In some instances there were fractional declines, but these were few and did not represent any weakness; instead were due to profit taking. Hutchinson climbed steadily from \$21.10 to \$22.24. Honolulu opened at \$3.11, but lost a fraction before the close. Hawaiian Sugar was again higher at \$36.14. Oahu sold at \$36.14 and Union at \$41.

Northern California Power again featured the public utilities with an advance to \$32.14 when profit sales caused a slight set-back. The issue has made a total gain of over \$5 per share in the last few days. The Pacific Gas company opened firm at \$94, but was hammered down to \$92 at the close. The oil issues were the weak features of the list, with practically all on a decline. Associated opened at \$90 and dropped to \$89. Union started at \$148.12, sold down to \$146, and closed at \$145. General Petroleum sold at \$161.14, but recuperated to \$162.

PAWNBROKER FAILS TO MAKE CHARGES GOOD

Final orders to get out of business
at once were given today to Jacob
Schiffman, second-hand clothing
dealer, whose license was recently
revoked on recommendation of the
police, following the hearing of his
charges against Captain James T.
Drew.

Drew was exonerated by
Commissioner F. J. Morse after
Schiffman, who had said that Drew
solicited a bribe from him, declined
to repeat the statement under oath.
The hearing, held in Morse's office,
was presided over by City Attorney
H. L. Hagan. A. M. Armstrong,
Schiffman's attorney, attempted to
turn it from a hearing of the
charges into a plea for renewal of
Schiffman's license.

Armstrong said that the charges
were made with the idea of influenc-
ing the city council to grant the
Schiffman license again, and that as
the license had been refused there
was no use, in his opinion, in his
pressing the Drew charges. He re-
fused to be sworn, as did Schiffman.

NO EVIDENCE PRESENTED.

Commissioner Morse has issued
the following statement in connec-
tion with the hearing:
"In the hearing of the graft
charges brought against Captain
James Drew by Jacob Schiffman and
A. M. Armstrong held before me,
I called Schiffman's attention to the
fact that he had stated that Drew
had attempted to obtain a bribe from
him and asked him to give evidence
concerning the charge. He refused
to do so.

"I further called his attention to
the fact that he had charged that the
revocation of his license was the
result of a conspiracy on the part
of the police department to discredit
him and was not based upon sub-
stantial grounds. Accordingly I
asked Schiffman to give any facts
in his possession to sustain that last
charge. He refused to do so.

"Schiffman and his attorney, Arm-
strong, refused to give any testi-
mony or sworn statement whatso-
ever and since no evidence was pre-
sented to sustain the charges, I ac-
cordingly dismissed the entire mat-
ter from my further consideration."

Hotel Men Plan Big Federation Four-State Association Is Proposed

Paramount in the minds of all dele-
gates to the California State Hotel As-
sociation convention today at the Hotel
Oakland, is the plan to amalgamate
the hotel men of four states, California,
Washington, Nevada and Oregon, for
the advancement of the Pacific Coast
and the hotel business. This organiza-
tion would be known as the Pacific
Northwest Hotel Association.

The proposition was made last night
at the last business session of the con-
vention. W. T. Towes, San Francisco,
made the motion, seconded by W. M.
Turner, San Francisco. Turner said he
believed that such an amalgamation
would achieve wonders for the coast
hotel men.

A committee of five is now drafting
plans for the proposed organization. It
is not likely that the California State
Hotel Association will be absorbed in
the new organization.

SOCIAL EVENTS TODAY.
Today is a day of social events for
the hotel men and is the last day of
the eighth annual convention. A golf
tournament at the Claremont Country Club
is being played. At noon an all fresco
lunch was served at the clubhouse and
entertainment was enjoyed. In the af-
ternoon dancing was on the program.
Golf enthusiasts among the delegates
spent the entire day on the links.

The crowning event of the convention
is the formal banquet tonight at Hotel
Oakland. That it is to be a sumptuous
affair is to be expected from the fact
that the cover charge is \$10. The dining
hours of King Booze will be reversed.
The most hilarious war, it is forecasted,
The bonifaces intend to make, this
event, the last at which they will
gather around the banquet board with
the convivial cup on hand, one of the
historic affairs of the organization.
Whatever speaking is done will be im-
promptu.

Pasadena is to be the scene of the
1920 convention.

OFFICERS ARE ELECTED.
The entire ticket of new officers nomi-
nated was last night elected. They are:
Sam S. Porter, San Diego Hotel,
president; William C. Jurgens, Hotel
Oakland, first vice-president; C. E.
Moore, Hotel Marlborough, Pasadena, sec-
ond vice-president; Thomas J. Coleman,
St. Francis, San Francisco, third vice-
president; F. W. Cason, Los Angeles,
secretary; Henry Newby, Hotel Alex-
andria, Los Angeles, treasurer.

Abandoning all hope for a lease of life
on liquor, the hotel men last night con-
sidered this matter briefly. There is
considerable alarm among the hotel
men, who have large liquor stocks on
hand, and last night's action was con-
fined to the appointment of a commit-
tee which will wire Washington, asking
how the hotel men are to dispose of
their liquor.

The hotel men have given impetus
to the Yosemite all-year highway move-
ment through their decision to sell
blocks of \$5 certificates. Through the
sale of these certificates, which are re-
ceived at the Yosemite Park in lieu of
entrance fee, it is said that the hotel
men can raise the balance of the \$1,000,000
necessary for immediate construction of
the Yosemite road.

Santa Cruz had a tourist boom
this season. On Memorial Day, de-
clared "Bob" Jones of the St. George.
Santa Cruz, more autos entered that
city than ever before in its history.
The chief of police at Santa Cruz
begged "Bob's" assistance that night
and herded seventy people into the
lobby, where they spent the night.

Charles G. Cooks, of the Elan
Canto, Santa Barbara, had everyone's
attention in the Hotel Oakland lobby
when he declaimed the Federal dry
law would be repealed within three
years after going into effect.

In the lounge room of Hotel
Oakland are three handsome trophies
for the winning golfers at the Clare-
mont country club event today.
The prizes are a beautiful punch
bowl, a trophy cup and a silver bowl.

Something nice should be said
about the secretary, who decided he
wouldn't read the minutes.

Herbert Cuthbert, executive secre-
tary of the Pacific Northwest Tour-
ist Association, claims that his organ-
ization has the best lecturer to spiel
about the Northwest in the United
States—bar none. Her's some
speller himself on this Northwest
stuff.

A little home-like atmosphere and
service helps the hotel business
greatly, the ladies told the assembled
conventionists.

If hotels are hostels, are hotel
men "hostlers?" asked the hotel
men. We referred that to the
"question and answer editor."
